

BASIC NET

CFS Installer Netting

Basic Net Product Specs:

Netting Material Type	BASIC Installer Netting 5mil High Density Polyethylene (HDPE)
Netting Degradation	Photodegradable
Netting Diameters	12", 18"
Netting Opening Size	3/8"
Netting Color	Orange/Black (12"); Red/Black (18")
Fabric Tensile Strength (ASTM D4595) ¹	145 lbs
Functional Longevity ²	up to 4 years

Netting Sample

¹Tensile Strength is based on 12" diameter using ATSM D4595. See Filtrexx TechLink #3342 for full tensile strength testing.
²Functional longevity ranges are estimates only. Site specific environmental conditions may result in significantly shorter or longer time periods.

Item List:

Item Number	Part Reference	Diameter	Unit Type	Length/Unit	Units per pallet	Feet per pallet
Installer - 12" Basic Ruck O-B	430-000253	12-in	Ruck	200-ft	90	18,000-ft
Installer - 18" Basic Ruck R-B	430-000258	18-in	Ruck	200-ft	72	14,400-ft
