

SILTRON® BELTED

Advanced Silt Fence

Designed to provide the highest level of environmental protection on a construction site – no excuses and no compromises.

Siltron functions as a dynamic filter-ponder which allows it to adjust to changing stormwater intensity across the entire face of the blended composite fence. Other fencing products either blind too fast (leading to physical failure) or allow too much sediment through.

Independent testing shows industry leading performance in hydraulic flow under sediment load, sediment retention, and blinding resistance (TRI Environmental Testing).

NEW Siltron BELTED Silt Fence Design:

- Belted reinforcement
- New material construction
- Easier to handle
- Lighter weight
- Optional no trenching installation

Structural Details:

- Oak stakes with construction-grade staples
- Integrated anti-push spades for stake stability
- Strong entanglement composite means no wire backer
- Highly resistant to blinding, punctures and tears

Other Benefits:

- Installs with just a skidsteer trenching attachment
- Optional no trenching installation
- Grabs hydrocarbons and other viscous pollutants
- True 18-36 month functional longevity
- For use on pipelines, powerlines, brownfield sites, and in any quality watershed (HQ and EV)
- Made in USA with 50% natural materials

SILTRON[®] BELTED

Advanced Silt Fence

Siltron Belted Product Specs:

Material Type	Entanglement Composite: 50% Non-Woven Geotextile 50% Natural Fiber (kenaf and jute)
Color	Grey with Orange Belting
Functional Longevity	True 18-36 months
Design Features	Needle punched Dynamic AOS filtering Anti-push spade stakes Top belting reinforcement Transmissivity cut-off/bury line indicator Re-tensioning cord

Material Sample

Item List:

Item Number	Fabric Height	Above Ground Height	Linear Feet per Unit	Linear Feet per Pallet	Pallet Configuration
STN-16-PSB-V2	24-inch	16-inch	50-ft	500-ft	10 Pre-staked Bundles
STN-21-PSB-V2	30-inch	21-inch	50-ft	500-ft	10 Pre-staked Bundles
STN-28-PSB-V2	36-inch	28-inch	50-ft	500-ft	10 Pre-staked Bundles
STN-36-V2	48-inch	36-inch	125-ft	500-ft	4 Pre-staked Bundles
